ABOUT THE EVENT

Magnus Group cordially invites you to its “International Conference on Probiotics and Prebiotics” (PROBIOTICS 2022) slated during June 15-16, 2022 at Rome, Italy.

PROBIOTICS 2022 is scheduled in Hybrid Format with both onsite and virtual versions. We believe that our decision will enable broad participation.

The congress will be focused on its meaningful theme “Deciphering the Scientific Landscape on Probiotics and Prebiotics” and will emphasize on recent advancements in probiotic and prebiotic science and research, and their current and future roles in sustaining health and preventing diseases. Current technological and methodological advancements open up exciting new avenues for probiotics and prebiotics research and application. Modification of strains and genetic characterization, state-of-the-art in vivo, in vitro, and in silico techniques to uncover the effects of probiotics and prebiotics on their targets, and metabolomic tools to identify key molecules that mediate benefits on the host are driving probiotic and prebiotic research. This discipline will be propelled forward by new techniques that allow real-time investigations in humans and follow a microbe as it integrates into an existing microbiome, as well as systems that can quantify health levels. Probiotic strains and prebiotic products can make a significant difference in the treatment of global threats facing society. The goal of this congress is to provide a panoramic perspective on the greatest opportunities for advancing science and impacting human health.

Join us for an enlightening conference focused on the role of prebiotics and probiotics in maintaining health and preventing disease.

PAST CONFERENCE TESTIMONIALS

▶ **Ali A. Razooki Al-Shekhli, Fujairah Campus, UAE**

I want briefly to say: Nice conference, nice preparation and arrangements and very nice people and participant and excellent Valencia and Spain as a whole. I will not say goodbye but see you again in Rome 2018

▶ **Christina Mejersjo, Sahlgrenska Academy, Sweden**

This type of Conference is valuable, besides the IADR and ICP and whatever. Look forwards to the meeting in Rome.

▶ **In-Sung Luke Yeo, Seoul National University, Korea**

Thank you very much for your warm welcoming. I really enjoyed the meeting and marvelous atmosphere of Valencia. I hope that this conference dealing with almost every dental field will go and grow well. Also, I wish that everyting will go well for you. See you next year.

▶ **Nagore Arroyo Lamas, University of the Basque Country, Spain**

I refer you to congratulate for the congress you organized. The event was really well organized. Not only the presentations, but also the posters were very interesting.

▶ **Stefanik Simard Lebel, Universite de Montreal, Canada**

Thank you very much, it was a great experience and the conferences were very educative and interesting.

▶ **JaanaSippus Laseredu Ltd, Finland**

It was a pleasure being part of this conference. I will mark the next days in Rome to my calender!
