About the Conference

Dear Colleagues,

Apex Global Meetings is delighted to announce and cordially invites all the participants across the globe to attend **“Global Summit on Cardiology and cardiovascular Diseases” (GSCCD2024)** which will be taking place during **December 05-07, 2024** at **Rome, Italy**.

GSCCD2024 aims to gather the renowned scientists, young and brilliant researchers, academicians, cardiologists, healthcare professionals, business delegates, and exceptional student communities across the globe under one roof and organize a healthy discussion so that the researchers and authors can present their work at the conference.

GSCCD2024 objective is to provide a comprehensive global forum for experts and participants from academia to exchange ideas and present results of on-going research in the most state-of-the-art areas of Cardiology and Cardiovascular Diseases and allied topics. It will be hosting a forum of plenary, keynote, Invited lectures and oral/ poster presentations.

We accept this gathering will be an exceptionally remunerating instructive and collaborative occasion for the attendees.

We look forward to your valuable presence at **GSCCD2024** in **Rome, Italy**.

Sessions

- AI in Cardiology
- Arteriosclerosis, Thrombosis and Vascular Biology
- Cardiac Transplantation
- Cardio-Oncology
- Cardiovascular Diseases and Disorders
- Cerebral Blood Flow and Metabolism
- Echocardiography, Cardiac CT and MRI
- Genetics of Heart & Vascular Disease
- Geriatric Cardiology
- Heart Diseases and Treatment
- Heart Failure and Myocardial infarction
- Hypertension
- Hypertension and Obesity
- Interventional Cardiology and Radiology
- Lipidology
- Microcirculation and Inflammation
- Nephrocardiology
- Neurology and Cardiology
- Pediatric and Congenital Cardiovascular Disease
- Arteriosclerosis, Thrombosis and Vascular Biology
- Cardiac Nursing and Critical Care Cardiology
- Cardiac Prevention & Rehabilitation
- Cardiomyopathy
- Cardio-oncology and Nuclear Cardiology
- Cardiopulmonary Rehabilitation and Prevention
- Cardiovascular Anesthesiology and Endocrinology
- Cardiovascular Imaging and Image Analysis
- Cardiovascular Impact of COVID-19
- Cardiovascular Pharmacology and Toxicology
- Clinical and Experimental Cardiology
- Clinical Case Reports on Cardiology
- Congenital Heart Diseases
- Diabetes, Obesity and Stroke
- Digital Health in Cardiology
- Echocardiography, Cardiac CT and MRI
- Genetics of Heart & Vascular Disease
- Geriatric and Veterinary Cardiology
- Heart Rhythm and Arrhythmias
- Heart-Diagnosis, Transplantation & Devices
- Interventional Cardiology and Radiology
- Lipidology & Preventive Cardiology
- Microcirculation and Inflammation
- Molecular and Cellular Cardiology
- Nephrocardiology
- Neurocardiology
- Pediatric Cardiovascular Diseases
- Resuscitation and Emergency Infusions
- Thoracic and Cardiovascular Surgery
- Women and Fetal Cardiology

Why to Attend?

Opportunity to meet incredibly famous speakers, researchers, specialists, Business giants, and the most up to date refreshes in Cardiology Department world are important for this conference leads to significance of this gathering.

- This is the best platform to develop new partnership & collaborations.
- For speeding up your route this is the best location into every territory in the entire World.
- In our conference 89% attendees who are the key contact in labs purchasing decisions.
- During this conference Our Exhibitors were visited 4-5 times by 80% of the attendees.
- By this conference network can be developed with both Academic and Business leaders.

Target Audience

- Directors
- Researchers
- Academic Scientists
- Business entrepreneurs
- Industry Professionals
- Head of department
- Professors and Students from Academia in the research related to the fields of Cardiology and Cardiovascular Diseases.

Market Analysis

The increasing prevalence of cardiovascular diseases and technological advancements have significantly improved the design and functionality of the interventional cardiology market and have carved the way for market growth. In addition, the rising healthcare expenditure and the increasing geriatric population contribute to the market growth.

Data Bridge Market Research analyses that the global interventional cardiology market, which was USD 14.61 billion in 2022, would rocket up to USD 23.61 billion by 2030, and is expected to undergo a CAGR of 7.1% during the forecast period. This indicates that the conventional device segment dominates the device type segment of the market owing to the advancements in technology that have led to the development of advancements in interventional cardiology for various use.

In addition to the insights on market scenarios such as market value, growth rate, segmentation, geographical coverage, and major players, the market reports curated by the Data Bridge Market Research also include depth expert analysis, patient epidemiology, pipeline analysis, pricing analysis, and regulatory framework.

Speakers

Dr. Pedro R. Moreno
Mount Sinai Hospital,
United States of America

**Prof. Abdullah Al Abdul
Gader**
Heartmath Institute,
Saudi-Arabia

Prof. Johan Frostegård
Institute of Environmental
Medicine,
Sweden

Dr. Vilas Dharmadhikari
Maharashtra University of
Health Sciences,
India

Dr. Aiste Zebrauskaite
University Of Health
Sciences,
Lithuania

Popescu, Andrada R.
Northwestern University
Feinberg School of Medicine,
Chicago,
United States of America

Prof. Mary Johnson
Head in the Nursing
Department at CMC,
India

Prof. Hina W. Chaudhry
Icahn School of Medicine,
United States of America

Dr. Tshetiz Dahal
China Three Gorges
University,
China

Dr. Luca Roncati
University Hospital of
Modena,
Italy

Benefits

- Encouraged to publish full length articles in Supporting Journals with discounted APC charges
- Best Oral, Poster and Young Research Forum (YRF) presentation awards
- Get Opportunity to Collaborate with future Apex Global Meetings

Speaker Guidelines

- Please be informed that there may be slight changes in the program for any reason. So please be available in the meeting room from conference start time on day of your presentation.
- Each speaker will have 20-25 minutes for presentation. Please plan your talk for 17-19 minutes to allow for introduction and questions. In order to stay in track of time, please ensure that you start and end your presentation on the times indicated in the schedule.
- The working language of the conference is English.
- Presentation should be submitted in PDF or PPT Format. Be sure your visuals are clear and very legible.
- Submit your presentation slides 15 days before the conference and also bring a copy with you on flash drive or storage device to the event.
- Please check and make sure that your presentations are working properly before the session starts.

Poster Guidelines

- The display area for each poster on the poster board is 1 m wide by 1 m high.
- All posters should be prepared in advance and brought to the conference by the presenters.
- On-site printing is NOT facilitated; it should be done in advance by the presenter.
- Presenters are asked to be available at their posters during the full poster session to discuss their posters with interested viewers.
- You need to collect your poster by end of the day; we dispose the posters left behind.
- Best Poster awards will be decided by poster judge and announced at the end of poster session.
