Conference and Webinar Details

About Conference

Building on the strong momentum of our previous Cancer Science Conference, we are delighted to invite cancer researchers, therapists, breast cancer specialists, and healthcare professionals across the globe to join us for the 4th International Conference on Cancer and Breast Cancer Treatment, taking place in the vibrant city of Bangkok on November 20-21, 2026. Guided by the theme “Integrating Innovation in Cancer and Breast Cancer Treatment for Better Patient Outcomes,” this conference aims to create a dynamic platform for sharing knowledge and groundbreaking advancements. We welcome a diverse community of experts-including oncologists, surgeons, scientists, chemotherapists, gynecologists, hormonal and immune therapy specialists-from leading laboratories, universities, organizations, academies, societies, and industries.

Participants can look forward to a wide range of scientific activities, including keynote talks, workshops, poster sessions, video presentations, e-posters, and exhibitor opportunities.

For delegates unable to attend the in-person event in November 2026, we are also hosting a virtual Cancer Science Webinar via Zoom on November 27-28, 2026 with Bangkok, Thailand time (GMT+7) We look forward to an inspiring gathering of professionals committed to advancing cancer research and treatment worldwide. About Webinar

Scientex Conferences orchestrates global scientific events that highlight cutting-edge discussions across a broad spectrum of medical advancements, scientific discoveries, and emerging healthcare challenges. We are pleased to extend a warm invitation to our virtual event, the “4th International Webinar on Cancer and Breast Cancer Treatment,” scheduled for November 27–28, 2026, in Bangkok, Thailand (GMT+7) via the Zoom platform. This webinar revolves around the dynamic theme: “The Recent Revolution in Cancer and Breast Cancer Treatment: Advancing Medicine and Hope.” The primary objective of the Cancer Science webinar is to bring together surgical and cancer research professionals, clinical oncologists, gynecologists, cancer specialists, radiation oncologists, academicians, scientific experts, bloggers, research scholars, and breast cancer surgeons from around the world. Participants will present their latest research findings, exchange perspectives, and share insights on women’s health, nutrition, and breast cancer from diverse scientific angles. This event provides a unique opportunity to engage with global experts, foster meaningful collaborations, and explore the latest breakthroughs in Cancer and Breast Cancer Treatment. - Open Innovation Challenges
- Poster Sessions on every career stage
- Post-Doctoral Career Development Session
- Young Research Forum
- B2B Meetings
- Global Networking with 50+ Countries
- Novel techniques to benefit your research
- Best platform for Global business and Networking opportunities
- Excellent platform to showcase the latest products in Breast Cancer and affiliates

TARGET AUDIENCE

- Oncologists
- Cancer Science Specialists
- Cancer Researchers
- Associate professors of General Medicine, societies and association
- General Physician
- Business Professionals
- Business Delegates
- Research Scholars
- Clinical and medical oncologists
- Gynecologists and Obstetrician
- Family and Internal Medicine specialist
- Breast Cancer Surgeon and General Surgeon
- Radiologist and Radiation Oncologist
- Resident Doctors
- Product & Device Manufactures

Session Highlights

- Cancer Research
- Types of Cancer
- COVID 19 Impact on Cancer
- Screening & Diagnosis for Cancer
- Cancer Biology and Genetics
- Therapies for Cancer Treatment
- Cancer and Oncology Nursing
- Molecular Pathways and Signaling
- Breast Cancer and Treatments
- HER2 Positive Breast Cancer
- Breast Cancer Surgery
- Radiology and Oncology
- Oncology Nursing & Patient Care Models
- Palliative & Supportive Oncology Care
- Advances in Breast Cancer Immunotherapy
- Liquid Biopsies in Early Cancer Detection
- Robotic Assisted Breast Cancer Surgery
- Triple Negative Breast Cancer (TNBC)
- Genomics and Cancer Biomarkers
- Artificial Intelligence in Cancer Prognosis

About Venue

GRAND MERCURE
HOTELS AND RESORTS

GRAND MERCURE BANGKOK ATRIUM,
1880 New Phetchaburi Road, Bang Kapi,
Huai Khwang, 10310 Bangkok, Thailand

Conveniently located close to Suvarnabhumi Airport, Grand Mercure Bangkok Atrium is located in the heart of the city with easy access to the best of Bangkok, whether for business or pleasure. Strategically located in Bangkok's commercial and retail area, New Petchburi Road, the Grand Mercure Bangkok Atrium makes an ideal base for both the business and leisure guests. It is just minutes away from a choice of superb shopping centre, the Thailand Cultural Centre, Queen Sirikit National Convention Centre, Bangkok International Hospital, several embassies and the underground rail system. A dedicated Executive Floor and Avani Executive Lounge, superbly delicious dining options and elegantly appointed accommodation, whether in town for work or play, hotel attentive service and first-rate facilities will ensure that you make the most of your Bangkok experience.

About Venue:

Bangkok, Thailand's capital and city that never sleeps, is a trendy mash-up of diverse cultures and religions. Temples and monasteries coexist peacefully here close to towering skyscrapers. Street bazaars and floating markets compete with luxury shopping malls and purchase centers. Thailand is the 12th largest country in Asia, with a total size of over 198,000 square miles and a population of 67.9 million. The majority of foreign visitors to the country travel to Bangkok, one of the world's top tourist destinations. Thailand experiences both the summer and winter monsoons due to its location between substantial areas of land and water. The typical temperature in Thailand ranges from 18 to 38 degrees Celsius. In Thailand, cancer is the top cause of death, and mortality is rising. Therefore, it would be essential to adhere to and share any future study into the treatment of cancer field in order to recommend advancements. ([click here for more](#))

Past Event Report

About Past Event:

Scientex Conference successfully organized Cancer Science 2025, uniting leading experts, researchers, and clinicians for a truly enriching scientific experience. The conference featured exceptional keynote addresses, engaging interactive sessions, and impactful discussions that showcased the latest advancements in cancer research and treatment.

The success of Cancer Science 2025 was made possible through the dedicated support of our Organizing Committee Members, distinguished keynote and plenary speakers, active delegates, and enthusiastic young researchers. We extend our heartfelt appreciation to all participants for sharing their time, insights, and expertise. We also express our special gratitude to the Conference Moderator for ensuring the smooth flow and timely coordination of all sessions.

Following the overwhelming response and success of Cancer Science 2025, we are delighted to announce our upcoming events of the 4th International Conference on Cancer and Breast Cancer Treatment, scheduled to take place in Bangkok, Thailand, on November 20-21, 2026, and the 4th International Webinar on Cancer and Breast Cancer Treatment, which will be held on November 27-28, 2026, aligned with Bangkok, Thailand Time (GMT+7). We look forward to welcoming global experts once again for another collaborative and knowledge-driven scientific gathering. ([click here for more](#))
