## About Venue:

Bangkok, Thailand's capital and city that never sleeps, is a trendy mash-up of diverse cultures and religions. Temples and monasteries coexist peacefully here close to towering skyscrapers. Street bazaars and floating markets compete with luxury shopping malls and purchase centers. Thailand is the 12<sup>th</sup> largest country in Asia, with a total size of over 198,000 square miles and a population of 67.9 million. The majority of foreign visitors to the country travel to Bangkok, one of the world's top tourist destinations. Thailand experiences both the summer and winter monsoons due to its location between substantial areas of land and water. The typical temperature in Thailand ranges from 18 to 38 degrees Celsius. In Thailand, cancer is the top cause of death, and mortality is rising. Therefore, it would be essential to adhere to and share any future study into the treatment of cancer field in order to recommend advancements. ([click here for more](#))

# Past Event Report

## About Past Event:

Scientex Conferences proudly announces the successful conclusion of the International Conference on Gynecology, Obstetrics, and Women's Health, held on November 03-04, 2025, in the vibrant city of Dubai, UAE, and the International Webinar on Gynecology, Obstetrics, and Women's Health, held on November 10-11, 2025 (GMT+4). Both events were marked by remarkable participation, knowledge sharing, and academic excellence. Organized under the theme "Empowering Women's Health through Innovation and Excellence in Gynecology," these gatherings brought together a distinguished community of leading experts, clinicians, academic researchers, and healthcare professionals from around the world. The conferences provided an invaluable platform for exchanging insights, presenting cutting-edge research, and fostering global collaboration in the fields of gynecology, obstetrics, and women's health. The events featured keynote presentations, oral and poster sessions, panel discussions covering topics such as reproductive health, maternal-fetal medicine, minimally invasive surgery, and preventive women's health. Attendees also had the opportunity to explore the latest technological innovations, gain practical clinical insights, and engage in meaningful discussions that will shape the future of women's healthcare globally.

We also thank all delegates for their active participation and engagement, and extend our heartfelt gratitude to the esteemed speakers for sharing their valuable knowledge and insights, whose contributions made these events truly successful and impactful. We are equally grateful to the organizing committee members and our sponsors for their dedicated support and efforts, which were instrumental in ensuring the smooth execution of the events. Your collective involvement has been pivotal in advancing the global dialogue on women's health and creating a meaningful impact on clinical practice and research. [\(click here for more\)](#)
