Nursing is a profession in the health care which helps patient to overcome the illness. They have a unique scope of practice and can practice independently. They act like a back bone in the hospitals, they also work with all members of the health care team to provide the care needed by each patient as an individual. Nurses guide their patients and patient's families to overcome their illness. As educators, they help whole community by teaching individuals and groups how to take steps to improve or maintain their health. Nursing profession gives a wide range of employment opportunities including medical practitioners to doctoral-level researchers and physician assistant. Nurses are health professionals who provide focused and highly personalized care. They are also in high demand—employment of registered nurses is projected to grow 22% from 2017 to 2027, quite faster growth than the average for all occupations, according to the studies.

# About City and Venue

Zurich is the largest city in Switzerland and the capital of the canton of Zurich. Zurich was founded by the Romans, who in 15 BC called it Turicum. It is located in north-central Switzerland at the north-western tip of Lake Zurich. The official language of Zurich is German but the main spoken language is the local variant of the Alemannic Swiss German dialect. Zurich is a hub for railways, roads, and air traffic. Both Zürich Airport and railway station are the largest and busiest in the country.

Zurich is a leading global city and among the world's largest financial centers despite having a relatively small population. The city is home to a large number of financial institutions and banking giants. Most of Switzerland's research and development centers are concentrated in Zurich and the low tax rates attract overseas companies to set up their headquarters there.

Many museums and art galleries can be found in the city, including the Swiss National Museum and the Kunsthaus. Schauspielhaus Zurich is one of the most important theatres in the German-speaking world.

Monocle's 2012 "Quality of Life Survey" ranked Zurich first on a list of the top 25 cities in the world "to make a base within". According to several surveys from 2006 to 2008, Zurich was named the city with the best quality of life in the world as well as the wealthiest city in Europe. The Economist Intelligence Unit's Global Liveability Ranking sees Zurich rank among the top ten most liveable cities in the world.
