I would thoroughly recommend this event, as using online platform enables speakers from all over the world to participate without the time consuming travel. It has sense of participation, I really enjoyed being a speaker

**Huang Wei Ling**

I thank the organizing committee for inviting me to be speaker in this prestigious conference and have the opportunity to share my clinical experiences regarding the treatment of diabetes patients and its complications and to hear the experiences of many professionals from all over the world. The conference was amazing, the organization was excellent

**Georgiana Antoce**

I found the conference very informative of high quality and exposing broad concepts about origin and treatment interventions for depression from a varied clinical and cultural perspective! Enjoyed it very much and look forward to future ones and am happy if invited again

**Raffaele Pilla**

Being part of your congress was very enriching. I had the chance to interact with some eminences of the field and collect some new ideas for future research propositions. Even if we cannot meet in person these days for "physical" conferences, I find virtual events like this to be extremely important for the community to keep growing and exchanging some ideas

**Saqib Latif**

The quality of the presentations was superb, they were on a range of topics covering whole lifespan, and various fields in Neuroscience. Excellent organization to ensure such a truly International event runs smoothly without any glitches. Thanks for the opportunity
